Every republican of prominence who fails to get assigned to a cabinet portfolio—on paper—has a right to feel slighted.

The question of the hour in Montana since the discovery of diamonds on Blood Creek is: "Have you found any diamonds?"

That Northwestern University professor who has been asserting that Bible stories are untrue and harmful will be wondering "where he is at" before he is much older.

Our esteemed contemporary, The Gallup Republican says that the publication of the HERALD will probably be discontinued. Maybeso but it will take a pretty tough gang to stop us. But he will probably be happy to note that we agree with him when he prophesies that the HERALD will be improved. We have about half a dozen more issues of the old style and THEN she is going to be modernized and greatly improved. We shall demonstrate that our usefulness is not yet ended—or we will be found cold and dead right up alongside the last ditch.

The Prescott Prospect Mining Special has come at last. We have long looked for it, but we understand now that we've seen it, why it was slow in coming. It is a 54 page magazine of the regular size of the Prospect. It is full of fine illustrations and good clean interesting reading matter. It gives the proper amount of space to Yavapai's leading industry, which is mining. We congratulate Yavapai County on having such an enterprising gentleman as "Tom" Schultz behind one of her newspapers.

WU'S TRIBUTE TO AMERICAN WOMEN

The Chinese Ministers think They Combine What is Best in Women of Other Lands.

"When I speak of American woman I cannot say that there is really a prevailing type. It is a composite—a mixture of all types. She has as I have already stated the firm and upright carriage of the English girl but she has, in addition the vivacity of the French woman the grace of the Spanish woman the musical voice of the Italian and whenever it is necessary the more sober spirit of the German. The American type therefore is one peculiar to itself. It is not a duplicate of anything but rather a combination of all that is good in the types of the world"—His Excellency Wu Tingfang in the February Ladies Home Journal

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders acid gas, inhalers and drugs in paste form. Their powders dry up the mucus membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the diseases. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.
